Description Of Change

Qwest is offering the CLEC/DLEC Community the opportunity to request UDC Removal in certain circumstances for a voice customer whose existing line does not currently qualify for ADSL service. This UDC Removal will be provided to the CLEC/DLEC at no charge.

UDC removal will performed under the following conditions:

- The UDC is serving the target customer
- The UDC is a two line system
- Only one channel is working on the UDC System

This offering is being made for ADSL Capable unbundled Loops only.

This CR may be subject to the Condition described under Change of Law provisions of the SGAT (Section 2.2).

Proposed Implementation Date: 4/15/03
